PROFILE SUMMARY

Motivated B.Sc. Data Science graduate with skills in Python, SQL, Power BI, Excel, and data analysis. Strong analytical and problem-solving abilities with hands-on experience in data visualization, machine learning, cloud computing, and data science projects. Seeking an entry-level Data Analyst or Data Science role to apply data-driven insights and contribute to organizational success.

TECHNICAL SKILLS

Programming & Data: Python, SQL, PySpark, Pandas, NumPy, Statistics, Data Analysis, ETL

Visualization & BI: Power BI, MS Excel, Data Visualization

Machine Learning: Machine Learning, Scikit-learn

Cloud & Tools: AWS, Google Colab, Git, GitHub, Streamlit

TRAINING EXPERIENCE

Data Science Trainee | Dr. Reddy's Foundation – GrowTech | 2026 – Present

- Hands-on training in Python, SQL, PySpark, data analysis, visualization and machine learning.
- Worked on an AWS Cloud Computing guided capstone project and gained practical exposure to AWS services and cloud architecture.
- Practiced Python libraries and PySpark/Spark SQL for data processing, analysis and working with real-world datasets.

PROJECTS

AWS Cloud Computing – Guided Capstone Project | GrowTech

- Designed a highly available cloud architecture using EC2 across Availability Zones, Application Load Balancer and Auto Scaling.
- Worked with AWS services including S3, CloudFront, RDS/Aurora, EFS, SNS, Route 53 and networking components.
- Tech: AWS, EC2, ALB, Auto Scaling, S3, CloudFront, RDS/Aurora, EFS, SNS, Route 53, Nginx

Retail Sales Analysis

- Analyzed 1,000 retail transactions using Python/Pandas/NumPy to identify customer purchasing patterns and trends.
- Performed data cleaning, exploratory analysis, visualization and SQL-based business analysis.
- Tech: Python, Pandas, NumPy, SQL, Matplotlib, Power BI, Git/GitHub

Real Estate Price Prediction

- Built a machine learning model to predict property prices using property-related features and preprocessing.
- Developed a Streamlit interface for interactive predictions.
- Tech: Python, Pandas, Scikit-learn, Streamlit, Linear Regression

EDUCATION

B.Sc. Data Science	Maharani Cluster University	2023–2026	CGPA: 8.17/10
PU College	Government PU College for Girls Basavanagudi	2021–2023	75%
SSLC	Bees International School	2020–2021	74%

ADDITIONAL INFORMATION

Languages: English (Fluent), Kannada (Native), Hindi (Conversational).

Certification: Completed certification course in Data Science & Machine Learning.

Achievement: Built 3 academic projects and practiced 100+ SQL & Python coding problems.
